

SEEDLING MODERN HIGH SCHOOL

Work Assignment 23rd March 2020 - 31st March 2020

Class V

Dear Students,

Leisure time is the best and the most fruitful time for exploring new things and nurturing creativity. Keeping this objective in mind we have planned diverse and exciting activities that will enhance your knowledge and boost your creativity.

Help your parents, grandparents and even your younger brothers and sisters. On TV watch animal planet, discovery channel, national geographic etc.

Get up early in the morning and see the rising sun. Help your child inculcate good habits like doing “Surya Namaskar” and encourage him/her to greet all elders in the morning. Nature is the most significant and an integral part of our lives. Cherishing and caring this Nature's Bounty should be an integral part of every Seedlites life. Thus here is an amazing idea.

- ❖ Feel the fresh air- Take a deep breath and do breathing exercises.
- ❖ Hear the birds chirping.
- ❖ Water the plants and feed the birds.

Sow a seed (any seed) in the soil. Water it regularly. Observe it weekly and record the development in your own words. Also write a paragraph about your own feelings that how did you feel to see it grow into a small plant.

Note down the timing of your favorite shows on the T.V and make different clocks showing their timing. The clocks should have to be made of cardboard with different faces like any cartoon character.
